

Bug summary:

The app closed.

Observed Behavior (a description of what happened with the app):

The app closed when I clicked "add a new time range".

Expected Behavior (a description of what you expected to happen):

I wanted to add a new time range to the times of a task.

Steps to Reproduce (the steps to reproduce the problem):

1. Add a task.
 2. Click "show times" in Task menu.
 3. Click "add a new time range".
