

Bug summary:

podcast subscription not displaying correct color

Observed Behavior (a description of what happened with the app):

Once subscribe to the podcast the icon of the podcast should change to blue, however the color displayed is red

Expected Behavior (a description of what you expected to happen):

Once subscribed to the podcast. The podcast icon should change to blue once the user is subscribed.

Steps to Reproduce (the steps to reproduce the problem):

1. Hit subscriptions and then hit add podcasts
 2. hit search iTunes and later select a podcast
 3. hit subscribe and navigate back to subscriptions
