

Participant identification

Please enter the **Participant Number** that was assigned to you.
Make sure it is the correct number.

Please enter **Participant Number** one more time and click the next button.
Make sure it is the correct number.

Instructions

In this survey, you will analyze the Quality Report produced by EULER for the following bug report:

Bug Report ID: 699

Bug Summary: Transaction details screen footer disappears

Application: GnuCash v. 2.2.0

Please complete the following steps and answer the questions.

1. Understand the bug described in the bug report

Click [this link](#) to open a web page that contains:

1. The original bug report
2. A video that shows how to reproduce the reported bug in the application
3. The natural language transcription of the interactions shown in the video

Please carefully read and understand the original bug report. Identify the steps to reproduce present in both, the bug summary and description. Watch the video to understand the steps that reproduce the reported bug. The transcribed steps will give you more details about each interaction shown in the video.

The goal here is that you become familiar with the bug described in the bug report and with the steps required to reproduce the bug.

2. Understand the Quality Report for the original bug report

Click [here](#) to open the Quality Report produced by EULER for the original bug report. Carefully review the quality assessment of the steps to reproduce, in particular, the identified steps and the quality annotations for each step.

For reference, [this document](#) describes each annotation type produced by the tool. It also shows examples of each annotation. Feel free to read it at any time during the survey.

3. Evaluate the accuracy of the Quality Report

Based on the reproduction scenario shown in the video, its transcription, and the original bug report, answer the survey questions (shown in the next screens). These questions are meant to determine the accuracy of the Quality Assessment produced by the tool for each reproduction step.

Feel free to review the original bug report, the video and its transcription, and the Quality Report at any time for answering the questions. Each question will have the links to open these sources. In any case, at this point, you should have these sources opened in a new window/tab of your browser.

Please click the "next" (-->) button to start the evaluation.

step1

The tool identified the highlighted (#1) statement from the **original bug report** as a step to reproduce:

1. Click on existing transaction

Was the step to reproduce correctly identified?

Useful links: [\[Quality Report\]](#) [\[Original bug report and video\]](#) [\[Annotation types\]](#)

Yes

No

feed1_1

Do you agree with the highlighted quality annotation for the step to reproduce (S2R) #1 (highlighted in boldface)?

#	Step to Reproduce (S2R)	Quality Annotation
---	-------------------------	--------------------

#	Step to Reproduce (S2R)	Quality Annotation
1	Click on existing transaction	VM The term "on existing transaction" does not match a GUI component from the app.

Exact Match: **HQ** Ambiguous Step: **AS** Vocabulary Mismatch: **VM** Incorrect Input Value: **IV** Missing Steps: **MS**

Useful links: [\[Quality Report\]](#) [\[Original bug report and video\]](#) [\[Annotation types\]](#)

I agree

I disagree

If you selected "I disagree", please explain why you disagree with the quality annotation (be specific).

step2

The tool identified the highlighted (#2) statement from the **original bug report** as a step to reproduce:

1. Click on existing transaction
- 2. Click on edit transaction FAB**

Was the step to reproduce correctly identified?

Useful links: [\[Quality Report\]](#) [\[Original bug report and video\]](#) [\[Annotation types\]](#)

Yes

No

feed2_1

Do you agree with the highlighted quality annotation for the step to reproduce (S2R) #2 (highlighted in boldface)?

#	Step to Reproduce (S2R)	Quality Annotation
1	Click on existing transaction	

#	Step to Reproduce (S2R)	Quality Annotation
2	Click on edit transaction FAB	EM This S2R matches the following app interaction: 1. Tap the "fab create transaction" image button

Exact Match: **HQ** Ambiguous Step: **AS** Vocabulary Mismatch: **VM** Incorrect Input Value: **IV** Missing Steps: **MS**

Useful links: [\[Quality Report\]](#) [\[Original bug report and video\]](#) [\[Annotation types\]](#)

I agree

I disagree

If you selected "I disagree", please explain why you disagree with the quality annotation (be specific).

feed2_2

Do you agree with the highlighted quality annotation for the step to reproduce (S2R) #2 (highlighted in boldface)?

#	Step to Reproduce (S2R)	Quality Annotation
1	Click on existing transaction	
2	Click on edit transaction FAB	MS There are app interactions that are missing in the bug report and should be executed before this S2R:

Exact Match: **HQ** Ambiguous Step: **AS** Vocabulary Mismatch: **VM** Incorrect Input Value: **IV** Missing Steps: **MS**

Useful links: [\[Quality Report\]](#) [\[Original bug report and video\]](#) [\[Annotation types\]](#)

I agree

I disagree

If you selected "I disagree", please explain why you disagree with the quality annotation (be specific).

**missing2_2**

Regarding the suggested missing steps (highlighted) select all the statements below that you agree with (multiple choice). Feel free to review the Quality Report to see the screenshot for each missing step.

#	Step to Reproduce (S2R)	List of Missing Steps
1	Click on existing transaction	

#	Step to Reproduce (S2R)	List of Missing Steps
2	Click on edit transaction FAB	<ol style="list-style-type: none"> 1. Tap the "btn save (Next)" button 2. Tap the "list" list view 3. Tap the "text 1 (USD)" checked text view 4. Tap the "btn cancel (Back)" button 5. Tap the "btn save (Next)" button 6. Tap the "btn save (Next)" button 7. Tap the "list" list view 8. Tap the "text 1 (Create default accounts)" checked text view 9. Tap the "btn save (Next)" button 10. Tap the "list" list view 11. Tap the "text 1 (Automatically send crash reports)" checked text view 12. Tap the "btn save (Next)" button 13. Tap the "btn save (Done)" button 14. Tap the "alert Title (What's New - v2.2.0)" text view 15. Tap the "title Divider" view 16. Tap the "scroll View" scroll view 17. Euler Report Usability

Evaluating the usability and usefulness of the Quality Report

In this section of the survey, you will be asked to review the Quality Report for the original bug report one more time, and then answer the questions below regarding the usability and potential usefulness of the quality assessment.

Click [here](#) to open the Quality Report

Do you agree with the following statements about the Quality Report?

	Disagree	Somewhat disagree	Not agree nor disagree	Somewhat agree	Agree	I cannot judge
The Quality Report is easy to read and understand.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

	Disagree	Somewhat disagree	Not agree nor disagree	Somewhat agree	Agree	I cannot judge
The Quality Report is likely to help users write better bug reports.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

What information did you find useful from the Quality Report?

What information did you find useless from the Quality Report?

What other information (if any) would you like to see in the Quality Report?

What information would you remove from the Quality Report?

Confirmation

Click the "Finish" button to finish the survey. If you have not finished it, you can go back.
